It is your responsibility to get confirmation of each meeting you attend, it must have the date and time to be a confirmation. You must email the host after the meeting or ask for a confirmation in the meeting group chat during the meeting. If the host is giving you a hard time about providing confirmation, just go to a different meeting. It should not be difficult to get, with over 500 meetings you will find one that works for you.

Please email all AA/NA class confirmations here:
